NOTICE TO CONTRIBUTORS

The BULLETIN publishes papers, short notes, reviews, letters and illustrative material. Contributions should be typed on one side of the paper with double spacing and wide margins. Wherever possible papers should have first been submitted to at least one ornithologist or biologist for critical scrutiny.

Written contributions will be retyped for offset printing, but FIGURES should be prepared as for final reproduction, allowing for 20 percent reduction, using Indian ink on good quality white paper, Letraset and Letratone lettering and shading (or equivalent) as appropriate.

CONVENTIONS regarding tabular material, dates, numbers, metric values, references etc. should be carefully adhered to and can be sought in this and recent issues of the Bulletin.

Pending standardisation, English and scientific bird NAMES should follow Mackworth-Praed & Grant, African Handbook of Birds, Ser. 3 Vols. 1 and 2 (1970,1973). Bannerman's scientific names (Birds of West and Equatorial Africa, Vols. 1 and 2 (1953)), should be given in parenthesis if they differ from Praed & Grant's.

C O N T E N T S

Editorial	1
Road Transects for Large-Scale Surveying. A. Pettet	2
The Distribution of Races of the Yellow Wagtail Overwintering in Nigeria. B. Wood	19
