EDITORIAL.

Unfortunately I have again had to combine the material available to produce one, instead of two issues of the Bulletin for the second half of 1971, but hope in the coming year the situation will improve as several new members have appeared in West Africa over the past few months

The appearance of the reprinted Vol.1.(1964) has also been delayed owing to the typist who suffered a long illness whilst engaged in the work. It is, however, now all on stencils and will be produced in the near future.

The most important innovation in the Society is the appearance of a Production Secretary, Allan Cook, who has generously offered to take over the printing and distribution of the Bulletin in the future, and also the storage and organization of the back numbers of the Bulletin. In future, therefore, all enquiries and orders concerning past Bulletins should be sent to him at: Sokoto Teachers College, Sokoto, Nigeria.
