APPEAL FOR INFORMATION : RED-FOOTED FALCONS

I am studying the distribution in Africa of the Western and Eastern Red-footed Falcons, *Falco vespertinus* and *F. amurensis*, and would be very grateful to be informed of the date and locality of any observations of these species that readers may have.

Any further information on habitat, sex ratios, food, behaviour etc. will also be much appreciated.

J.F. Dejonghe,
8, rue de Paris,
92110 Clichy,
France

CODED BIBLIOGRAPHY OF AFRICAN ORNITHOLOGY 1975-1978

A comprehensive bibliography of African ornithology for the four years 1975 to 1978 is being published synchronously with this first issue of *Malimbus* as a special supplement. It lists 1300 titles in author-alphabetical sequence on 100 blank-interleaved pages, and employs a simple code which allows ready identification of all titles relevant to a given topic or species. The bibliography is obtainable at £1.30 post free to Ordinary Members of the Society and at £1.60 post free to Corporate Members and non members, from C.H. Fry, Aberdeen University Zoology Department, Tillydrone Avenue, Aberdeen AB9 2TN, Scotland. Requests for copies of the bibliography should be accompanied by payment in sterling and by a self-addressed adhesive label.
